**g) Reading and Comprehension:**

Hi, I'm Kelly, and I'm fourteen years old. I'm from Brazil, but I live in New York, USA with my family. Would you like to know why? My family lives in the USA, because my father works in a big restaurant as a chef. Although he doesn't speak English very well, he is responsible for many employees at his work. His employees don't complain about my father, because he is a very good guy. He leaves his job at eleven p.m. from Monday to Friday.

On Sundays, my family goes to church in the morning and we have lunch together. I'm so glad that my father is at home on weekends. My brother and I speak English fluently at school, but we only speak Portuguese when we are at home, because my mom understands nothing in English.
